Strap removal: A tool is required for removal. Insert the tool into the notches on both sides of the strap and gently pry it up. After removing the strap retaining pin, separate the body of the smart band from the strap.

Strap installation: Insert the strap into the body of the smart band and push it in until it is properly seated. Insert the strap retaining pin. Press the side of the strap retaining pin closest to the body of the smart band. A "click" indicates that the strap retaining pin is locked in place. Before use, gently pull the strap to confirm that it is securely installed.

To view the installation and removal video guide or learn more about recommended removal tools, please contact official customer support.

Specifications

Product: Smart Band
Model: M2561B1
Battery Type: Lithium-ion polymer battery
Battery Capacity: 300 mAh
Input: 5 V – 0.5 A
Water resistance: 5ATM
– The symbol indicates DC voltage

Item Dimensions: 43.5 × 25.8 × 10.2 mm
Adjustable Length: 135–215 mm
Strap material: TPU
Operating temperature: 0 °C to 45 °C
Bluetooth Frequency: 2402–2480 MHz
Bluetooth Maximum Output Power: < 11 dBm
Wireless Connectivity: Bluetooth® 5.3 BLE

Safety Precautions

1. Wear the band approximately one finger's width above your wrist bone and ensure a snug, comfortable fit. If worn too loosely, heart-rate measurements may be affected.
2. When using the band to measure your heart rate, please keep your wrist still.
3. The band is water resistant to 5ATM (equivalent to a static water depth of 50 meters for 10 minutes). It can be worn in swimming pools, when swimming near the shore, or during other shallow-water activities. It is not suitable for diving, scuba diving, hot showers, hot springs, saunas, high-speed water flow, or other water-related or deep-water activities. After use in seawater, rinse the band gently with clean water and wipe it dry. Water resistance is not permanent and may decrease over time.
4. The touchscreen of the band does not support underwater operation. When the band comes into contact with water, use a soft cloth to wipe away excess water from its surface before use.
5. During daily use, avoid wearing the band too tightly and try to keep its contact area dry. Please clean the wristband regularly with water.
6. If the contact area on your skin shows signs of redness or swelling, stop using the product immediately and seek medical assistance.
7. This band is not a medical device. Any data or information provided by the band should not be used

as a basis for diagnosis, treatment, or prevention of diseases.

8. This product is not a toy and contains small parts. Please keep it out of reach of children to prevent choking or other injuries caused by accidental swallowing of small parts.

9. The lithium battery in this band cannot be removed. To avoid damage to the battery or the band, do not replace the battery by yourself. There is a risk of explosion if the wrong type of battery is used. Do not dispose of used batteries with household waste. Dispose of this band and used batteries in accordance with local laws and regulations.

10. Do not disassemble, strike, crush or throw the battery into fire. Stop using the product immediately if there is any swelling. Do not expose it to sunlight, fire or environments where the ambient temperature is extreme.

11. If the band will not be used for an extended period, fully charge it, power it off, and store it in a cool, dry place. To prevent battery damage caused by over-discharge, recharge the band at least once every 4 months.

12. Do not dispose of the battery in fire or a hot oven, or subject it to mechanical crushing or cutting, as this may cause an explosion.

13. Leaving the battery in an environment with an extremely high temperature may cause an explosion or leakage of flammable liquid or gas.

14. Subjecting the battery to extremely low air pressure may cause an explosion or leakage of flammable liquid or gas.

15. Do not direct the product's indicator light toward the eyes of children or animals while the product is in use.

16. Use only the included or manufacturer-approved charging cable compatible with this model. If the band overheats or fails to charge, disconnect the charging cable from the band immediately to prevent damage.

17. Please avoid direct contact between the strap and solvents, cleaners, insect repellents, perfumes, sunscreen, or other cosmetics or chemicals, as these may damage the strap material and cause wear, discoloration, or material aging.

Regulatory Compliance Information

All products bearing this symbol are waste electrical and electronic equipment which should not be mixed with unsorted household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment, appointed by the government or local authorities. Correct disposal and recycling will help prevent potential negative consequences to the environment and human health. Please contact the installer or local authorities for more information about the location as well as terms and conditions of such collection points.

EU Declaration of Conformity

CE mark is applicable to product and built-in battery.

Hereby, Xiaomi Communications Co., Ltd. declares that the radio equipment type M2561B1 is in compliance with Directive 2014/53/EU and Regulation (EU) 2023/1542. The full text of the EU declaration of conformity is available at the following internet address:

Warranty Notice

As a Xiaomi consumer, you benefit under certain conditions from additional warranties. Xiaomi offers specific consumer warranty benefits which are in addition to, and not instead of, any legal warranties provided by your national consumer law. The duration and conditions related to the legal warranties are provided by respective local laws. For more information about the consumer warranty benefits, please refer to Xiaomi's official website <https://www.mi.com/global/support/warranty>. Except as prohibited by laws or otherwise promised by Xiaomi, the after-sales services shall be limited to the country or region of the original purchase. Under the consumer warranty, to the fullest extent permitted by law, Xiaomi will, at its discretion, repair, replace or refund your product. Normal wear and tear, force majeure, abuse or damage caused by the user's negligence or fault are not warranted. The contact person for the after-sale service may be any person in Xiaomi's authorized service network, Xiaomi's authorized distributors or the final vendor who sold the products to you. If in doubt please contact the relevant person as Xiaomi may identify.

The present warranties do not apply in Hong Kong and Taiwan.

Products which were not duly imported and/or were not duly manufactured by Xiaomi and/or were not duly acquired from Xiaomi or a Xiaomi's official seller are not covered by the present warranties. As per applicable law you may benefit from warranties from the non-official retailer who sold the product.

Therefore, Xiaomi invites you to contact the retailer from whom you purchased the product.

Disclaimer: The illustrations of the product, accessories, user interfaces, and other elements in this User Manual are schematic diagrams for reference only and may differ slightly from the actual product. This manual is published by Xiaomi or an enterprise in Xiaomi's ecosystem. Typographical errors and inaccurate information in this manual or in the related programs and/or equipment may be corrected without prior notice. Such corrections will be indicated in the latest version of the manual.
