

High-speed printing
High-speed printing in 13 seconds
A new laser exposure system achieves a fast printing time of 13 seconds from print data transfer to print output. At the same time, printing noise is minimized which makes your printing experience enjoyable.

Superb image quality
High definition & high image quality ideal for photos
High resolution with print pixels of 600 x 800 / 800 x 800 dots and of 318 dpi clearly shows detailed gradations and the face expressions of a full-length portrait, characters, materials, etc.
INSTAX technology excels in color development and preservation
The INSTAX system develops colors by delivering the light to pigments and producing chemical reactions. It reduces the deterioration of color and sharpness caused by aging and provides excellent image stability remarkably similar to silver-halide photographic prints.

Direct printing from FUJIFILM digital cameras
Turn the images you took with your digital camera into INSTAX prints on the spot!
With FUJIFILM digital cameras, you can make INSTAX prints by sending the images directly from your camera to "INSTAX SHARE". Check instax.com/share/ for the details

SPECIFICATIONS	INSTAX SHARE SP-3
Recording method	3-color exposure with OLED
Film	FUJIFILM INSTAX SQUARE Instant Film
Photo capacity	10 prints/pack
Image size	62 mm x 62 mm
Supported image size	800 x 800 dots
Printing resolution	12.5 dots/mm (318 dpi, 80 µm dot pitch)
Printing levels	256 levels per color (RGB)
Interface	Standard compliance: IEEE802.11b/g/n Operation frequency: 2412 MHz to 2462 MHz (11 ch)
Supported image format	JPEG, PNG
Printing time	Image Recording - photo output (Feed out) Approx. 13 sec.
Approximate printing capacity	Approx. 160 prints (Based on our test conditions)*
Power supply	NP-50
Charging time	Approx. 3 hours (Varies depending on battery remaining level)
Power consumption	3 W
Operating temperature	+5°C to +40°C/+41°F to +104°F (no condensation)
Dimensions	116 mm x 130.5 mm x 44.4 mm (excluding projections)
Weight	312 g (without battery and film pack)
Supplied accessory	Micro USB cable, Ferrite core
